As part of our successful events programme, Councillor Roderick Bluh, Leader of Swindon Borough Council, will talk about the transport arrangements that will need to be made to support Swindon's continued development.

We expect a lively discussion after the talk, to be followed by light refreshments and further, informal debate.

Other planned events:

Thursday 22 November: Civic Trust AGM (at 7.00 pm) followed (at 7.45 pm) by talk on prospects for renewing Swindon's canal

Thursday 6 December (evening): Swindon Night Vision, a talk and discussion about a joint project between Civic Trust consultants and the Borough Council on how to alleviate the problem of alcoholic over indulgence on Saturday nights in the town centre.
