

What's Kevin McCloud up to in Swindon?

***Talk at Heelis (National Trust, Kemble Drive)
at 7.30 pm on Thursday 16 October***

Sustainable architecture gurus Kevin McCloud and Isabel Allen will explain their plans for housing developments in Pinehurst (Pickards Small Field) and Wichelstowe (the Front Garden).

Will the way they're involving local people in the design of the Pinehurst project set the standard for other developers in Swindon? Can they really achieve Zero Carbon and Zero Waste affordably?

Hear what they have to say and discuss it over light refreshments at this Swindon Civic Trust event.
